SWEP NC Triangle July Event: North Cary Water Reclamation Facility Tour

Ever wonder what happens to the water you flush down the toilet, use to brush your teeth, or use to wash your clothes?

Please join the Society of Women Environmental Professionals - NC Triangle Chapter for a **private tour** of the North Cary Water Reclamation Facility (NCWRF). Find out how wastewater is treated so that it can be reused again in an environmentally conscious way.

Friday, July 29, 2011

12:00 pm – 1:00 pm

**North Cary Water Reclamation Facility
1900 Old Reedy Creek Road, Cary 27513**

The NCWRF is a 12 million gallons per day (MGD) facility that receives wastewater from collection systems on the north side of Cary. The mission of the NCWRF is to treat wastewater from the community to a level that meets or exceeds the permit limits issued by regulatory authorities as cost effectively as possible.

REGISTRATION: Space is limited to the first 15 RSVP's. To reserve your spot, please RSVP by July 22nd to swepnctriangle@gmail.com.
